Section VII. Permit Conditions	FOR DNR USE ONLY
1. The permit does not authorize any work other than what is specifically described in the application and plans dated as listed above and as limited by the conditions of the permit. A permittee shall obtain prior written approval of modifications from the department before modifying a project or amending permit conditions.	Date of Application and Project Plans
2. The permittee shall notify the department at telephone number listed above before starting construction and again not more than 5 days after the project is complete.	Telephone Number (include area code)
3. The permittee shall post a copy of this permit at a conspicuous location on the project site visible from the waterway, beginning at least 5 days prior to construction and remaining at least 5 days after construction. The permittee shall also have a copy of the permit and approved plan available at the project site at all times until the project is complete.	
4. Upon reasonable notice, the permittee shall allow access to the project site during reasonable hours to any department employee who is investigating the project's construction, operation, maintenance or permit compliance.	
5. The permittee shall complete the project on or before the expiration date listed above. If the project is not completed by the expiration date, the permittee shall submit to the department a written request for an extension prior to the expiration date of the permit. The request shall identify the requested extension date and the reason for the extension. The department may grant a permit extension for good cause shown. The permittee may not begin or continue construction after the original permit expiration date unless the department grants a new permit or permit extension in writing.	Project Expiration Date
6. The permittee shall submit a series of photographs to the department within one week of completion of work on the site. The photographs shall be taken from different vantage points and depict all work authorized by the permit.	
7. The permittee shall maintain the project in good condition and in compliance with the terms and conditions of the permit, this chapter and s. 30.206, Stats.	
8. The department may modify or revoke the permit if the project is not completed according to the terms of the permit or if the department subsequently determines the activity is detrimental to the public interest.	
9. Acceptance of a general permit and efforts to begin work on the activity authorized by the general permit signifies that the permittee has read, understood, and agreed to follow all conditions of the general permit.	
10. This project shall comply with all conditions identified in the following Wisconsin Administrative Code, and identified in the Instructions for the General Permit application.	Wis. Adm. Code
Section VIII. Findings of Fact	
1. The Department has determined that the project site and project plans meet the standards in s. 30.206, Stats. and the following Wisconsin Administrative Code, to qualify for this General Permit.	Wis. Adm. Code
2. The proposed project will not injure public rights or interests, cause environmental pollution as defined in s. 299.01(4), Wis. Stats., or result in material injury to the rights of any riparian owner, if constructed in accordance with this permit.	
3. The Department and the applicant have completed all procedural requirements, and the project as permitted will comply with all applicable requirements of Section 30.206, Wis. Stats., and Chapters NR 102, 103, 150, 299, 310 and the following Wisconsin Administrative Code.	Wis. Adm. Code
Section IX. Conclusions of Law	
1. The Department has authority under ch. 30, Wis. Stats., and applicable Wisconsin Administrative Codes, to issue a permit for the construction and maintenance of this project.	
2. The Department has complied with s. 1.11, Wis. Stats.

Section X: Certification and Permission

I am the owner of the riparian property or am the duly authorized representative and may sign this application on behalf of the owner(s) of said property. I hereby certify that the information contained herein is true and accurate. I have read and understand all of the conditions listed in this permit and in the Instructions. I have designed the project to comply with the conditions, and I will construct the above-mentioned project in compliance with all such conditions. I hereby give the Department permission to enter and inspect the site at reasonable times, to evaluate this application and to monitor compliance with any resulting permit. I understand that failure to comply with any or all of the provisions of the permit renders the authorization contained herein null and void and may result in a fine and/or imprisonment or forfeiture under the provisions of ch. 30, Wis. Stats.
